Congratulatory Message to International Seminar on Juche Idea

I send my comradely greetings to you.

I think it happy to send the best congratulation to you on the occasion of the 110th birth anniversary of the great leader Comrade Kim Il Sung who founded the Juche idea and rendered great services to the human cause of independence.

Saying that man is the most precious being in the world, Comrade Kim Il Sung advanced principles of the Juche idea that man is master of everything and decides everything and that the popular masses are masters of the revolution and construction and they have strength to accelerate the revolution and construction.

In his speech **“On Eliminating Dogmatism and Formalism and Establishing Juche in Ideological Work”**, Comrade Kim Il Sung gave clear-cut answers to the questions arising in establishing Juche and in the speech **“On Socialist Construction in the Democratic People’s Republic of Korea and the South Korean Revolution”**, he clarified principles to be adhered to in maintaining the independent stand.

Availing myself of this significant opportunity, I extend my hearty thanks for inviting us to the Internet International Seminar on the Juche Idea to be held in April 2022 and hope that we can deliver a congratulatory speech in this important event through video-conference.

Happy holiday!

Best regards.
