## Congratulatory Message to International Seminar on Juche Idea

I express my respect to you.

On behalf of the Syrian Arab Socialist Union Party and on my own, I wish you success in your work on the occasion of the holding of the Internet International Seminar on the Juche Idea.

Availing ourselves of this opportunity, we recollect the great Comrade Kim Il Sung who authored the Juche idea, registered great achievements in implementing the human cause of independence and laid a solid foundation for historic friendly and cooperative relations between our two countries and parties.

We express our respect and wish the international seminar to achieve success desired by us all.
