

Congratulatory Message to International Seminar on Juche Idea

The International Juche Idea Seminar on Comrade Kim Il Sung's exploits is held on the occasion of his 110th birth anniversary.

Through the seminar, we recollect the Juche idea as well as Comrade Kim Il Sung, who destroyed the imperialists' every machination with faith in his cause, freedom of his country, national reunification and socialism--independent, self-sufficient and self-defensive.

The Juche idea is the idea The people are my God.

The Juche idea clarifies that the people are masters of the revolution, construction and self-reliance and that they are the most intelligent and precious beings in the world.

Comrade Kim Il Sung, who is always in minds of the progressives, was the people's leader who devoted his whole for his country and people and the great leader who rendered great services to the cause of global independence.

Comrade Kim Il Sung's struggle cannot be described by any word or writing. We express our highest respect to the ideas and exploits of Comrade Kim Il Sung. We are now following his ideas and exploits.

Wishing that your militant and unyielding country will achieve great prosperity and progress under the leadership of Comrade Kim Jong Un, I extend militant greetings to the DPRK people in the name of my own and the leading officials of the party.
